Download and Install – Windows

1. Go to the Zoom software download page

2. From the "Download Center" page, click the **Download** button under the title *Zoom Client for Meetings*

3. In the "Save As" dialog box, select the **Downloads** folder as the destination folder on your computer in which to save the installer file *ZoomInstaller*

4. Click the button **Save**
5. Once you have downloaded the *ZoomInstaller* file, double-click on the installer file in Windows Explorer to start the installation process
   Note*: If the following "Open File" pop-up window displays, click **Run***
   Note: *The install process will start, as shown by the progress bar below:*

6. Once completed, the page should look similar to the one below:
